Applicant and background screening is as important to your company as a blueprint is to building construction. Without adequate preparation and design, your company, like a building, will probably fail.

HND Resources will provide you the "blueprints" for your company's success and help you ensure that it is built with the best materials possible.

Why HND's system is ***better:***

The only way to achieve effective applicant and background screening is to screen thoroughly and consistently. At HND Resources help you meet these two requirements simply by making them easy to meet.

HND Resources provides you a web-based system that is available 24 hours a day, from anywhere in the world, from any internet-connected computer. There's no software to install, no programs to update and there is no limit to the amount of computers you can use the system on!

Our system features:

- 24 hour system accessibility from any internet-connected computer*
- No software installation requirement
- 12 to 72 business-hour turn around times for most searches, with some searches completed instantaneously**
- "Cafeteria Style" service selection menu
- The ability to progress check your searches 24 hours a day
- National and International record search availability***
- Unlimited searches for each subject in each category
- An information gathering network consisting of over 2200 members nationwide
- Email delivery of screening results in a comprehensive yet easy-to-read format

*this is not a complete list of services provided

It's as easy as 1, 2, 3...

Our system is ready to go "out of the box." Once the initial paperwork, billing information and system setup are complete you can begin utilizing the service. No need to call and give sensitive information over the phone. No fax machine to wait next to. And best of all, you can stop paying the high prices of our web-based competitors.
